

Press Release

Columbus City Utilities selects Harris' inHANCE Utility Solutions

Columbus City Utilities located in Indiana has selected Harris' inHANCE Utility Solutions, a subsidiary of Constellation Software Inc., to implement its CIS and billing application, IUS.

Columbus City Utilities currently serves over 12,000 water and sewer customers. During their search for a new billing system they were referred to Harris' inHANCE Division by GEMS, another Harris Division. After a detailed evaluation process IUS was selected to replace their current system.

Harris is a wholly owned subsidiary of Constellation and is a leading provider of financial management and Customer Information Systems (CIS) software solutions. Since 1976, Harris has focused on providing feature-rich and robust turnkey solutions to all levels of local government, public power and water entities as well as school districts throughout North America. Harris' focus is on creating long-term relationships with our customers and ensuring that we meet the changing needs of our customers over time.
