

## *Press Release*

### **Dighton Water District in MA Service selects Harris' inHANCE Small Business System**

Dighton Water District has selected Harris' inHANCE Small Business System. Harris, a subsidiary of Constellation Software Inc., will be implementing its CIS and billing application, ISB.

Established in 1950 Dighton Water District is located in Dighton, MA and currently serves over 1,600 water customers.

Dighton Water has been a long time customer of Harris using our legacy software UBPro. In 2009 they decided that it was time to move to a more robust system and chose to stay with Harris and install the inHANCE Small Business System with its QuickBooks Interface. It was a pleasure working with Carol and Peter during the sales process.

Harris is a wholly owned subsidiary of Constellation and is a leading provider of financial management and Customer Information Systems (CIS) software solutions. Since 1976, Harris has focused on providing feature-rich and robust turnkey solutions to all levels of local government, public power and water entities as well as school districts throughout North America. Harris' focus is on creating long-term relationships with our customers and ensuring that we meet the changing needs of our customers over time.
