

Press Release

Entranosa Water purchases iWEB for Harris' inHANCE Utility Solutions

Entranosa Water has purchased the iWEB module for Harris' inHANCE Utility Solutions. Harris, a subsidiary of Constellation Software Inc., will be installing and implementing the iWEB module for the CIS and billing application, IUS.

Entranosa Water is located in Tijeras, NM and has been a Harris customer since 1994. They currently serve over 3,000 water and sewer customers.

Entranosa Water is a fine example of the long term relationships we build with our customers. Harris has had the privilege of providing CIS and Utility Billing software to Entranosa for over 15 years and we look forward to many more years working with Entranosa to meet all of their billing needs.

Harris is a wholly owned subsidiary of Constellation and is a leading provider of financial management and Customer Information Systems (CIS) software solutions. Since 1976, Harris has focused on providing feature-rich and robust turnkey solutions to all levels of local government, public power and water entities as well as school districts throughout North America. Harris' focus is on creating long-term relationships with our customers and ensuring that we meet the changing needs of our customers over time.
